NOT VOTING—3

Boxer	Flake	Lautenberg
-------	-------	------------

The nomination was confirmed.

The PRESIDING OFFICER. Under the previous order, the motions to reconsider are considered made and laid upon the table, and the President will be immediately notified of the Senate's action.

LEGISLATIVE SESSION

The PRESIDING OFFICER. The Senate will resume legislative session.

AGRICULTURAL REFORM, FOOD, AND JOBS ACT OF 2013—Continued

The PRESIDING OFFICER. The majority leader.

Mr. REID. I have spoken to the managers of the bill, and they have one vote scheduled right now. They expect—they hope—they can have a couple more today, maybe even three today, but they are not sure. It will have to be done by consent. They are confident they can get that done. We will have to wait and see.

When this vote is over, we should have in the near future an idea of what we are going to finish today. If we are here and we have a few more votes, it should not be past 5:00. We will see. We are going to finish today sometime—hopefully soon.

A decision is being made as to what we are going to do when we get back. The managers of this bill are trying to come up with a finite list of amendments. They hope to be able to do that today.

Then we will make a decision on whether we are going to move to immigration when we get back or wait a week. I have spoken to the Gang of 8 today, and they are going to give me some indication of what they want to do. I have also spoken to the chairman of the committee, and that decision should be made very soon. We will have a vote on the Monday we get back.

AMENDMENT NO. 923

The PRESIDING OFFICER. Under the previous order, there will be 2 minutes of debate equally divided prior to a vote in relation to amendment No. 923, offered by the Senator from California, Mrs. FEINSTEIN.

Mrs. FEINSTEIN. Madam President, this amendment is offered on behalf of Senator MCCAIN and myself.

Ladies and gentlemen, tobacco is not just another crop. It is the largest preventable cause of cancer deaths in this country. Exactly 443,000 people die every year. It costs Medicaid an additional \$22 billion.

In 2004 a special assessment of \$9.6 billion was authorized to buy out tobacco farms in the United States. That has 1 more year to run.

We subsidize tobacco crop insurance. We should not. This country should become tobacco-free. It will save lives.

I urge you to support this amendment.

The PRESIDING OFFICER. The Senator from North Carolina.

Mr. BURR. I speak in opposition to the amendment.

Let me say to my dear friend from California, whom I really respect, the tobacco buyout was not paid by taxpayers, it was paid by the tobacco companies. It happened several years ago. The only program tobacco farmers participate in today is crop insurance, like every other agricultural product in America. Without that safety net, those farmers can't go to the bank and get capital to plant their crops.

Although I think we can all agree that tobacco is not healthy for you, some Americans make the decision to do it because it is legal. Eliminate the American tobacco farmer and you will replace them with tobacco grown in Zimbabwe and Brazil—around the world. If we want to outlaw tobacco, let's have that vote, but don't walk away and believe that a vote eliminating crop insurance is going to change the health care of the American people as it relates to this product.

I urge my colleagues to vote against this amendment.

The PRESIDING OFFICER. All time has expired.

Mrs. HAGAN. Madam President, I request 1 minute.

The PRESIDING OFFICER. Is there objection?

Mrs. FEINSTEIN. I request 1 minute to respond to Senator BURR, if I may.

The PRESIDING OFFICER. Is there objection to the request, as modified?

Without objection, it is so ordered.

The Senator from North Carolina.

Mrs. HAGAN. Madam President, I too rise to express strong opposition to the amendment. This amendment would prevent our tobacco growers from being eligible for Federal crop insurance. This amendment would do significant harm to the small tobacco farmers in North Carolina and in other

parts of the country. There are 2,000 farmers in North Carolina who would be affected, and it would be devastating to them and their families. Without access to crop insurance, they wouldn't be able to borrow money from the banks to receive financing.

It does nothing to alter the amount of tobacco used in our country. Demand will be filled by foreign imports, probably from Brazil and other countries. It would put our American farmers out of work.

For all of these reasons, I urge my colleagues to vote no on this amendment.

The PRESIDING OFFICER. The Senator from California.

Mrs. FEINSTEIN. Madam President, we are not talking about eliminating crop insurance. There are plenty of crops that don't have crop insurance, but this crop does. We are talking about eliminating the Federal subsidy, which amounts to \$30 million-plus a year for crop insurance.

With respect to my distinguished friend and colleague on the other side of the aisle, I misspoke once today. This is an assessment from the tobacco industry. I thought I straightened that out. But the assessment that paid for the buyout of \$9.6 billion is what I am speaking of.

But this is a Federal subsidy on crop insurance. You can still get crop insurance, but it won't be federally subsidized.

I yield the floor.

The PRESIDING OFFICER. The question is on agreeing to the amendment.

Is there a sufficient second?

There appears to be a sufficient second.

The clerk will call the roll.

The bill clerk called the roll.

Mr. DURBIN. I announce that the Senator from California (Mrs. BOXER), the Senator from New Jersey (Mr. LAUTENBERG) and the Senator from Michigan (Mr. LEVIN) are necessarily absent.

Mr. CORNYN. The following Senator is necessarily absent: the Senator from Arizona (Mr. FLAKE).

The PRESIDING OFFICER. Are there any other Senators in the Chamber desiring to vote?

The result was announced—yeas 44, nays 52, as follows:
